

## BOB MAIN ATTENDS MEETING THREATENING VIOLENCE AGAINST COUNTY HEALTH DIRECTOR

In attendance at a meeting of the Citizens Restoring Liberty group was Commissioner Bob Main. The meeting was held in advance of a demonstration opposing mask and vaccine mandates held on the Coos Bay Boardwalk. The best intel available indicates this meeting

was held at the Restoration Church in Bandon on August 27 and was officiated over by Rod Taylor infamous for his attendance at the January 6 insurrection in DC.

This video is published under a Youtube account named Coos Bay Patriot and the subtitles and commentary are theirs.

Rob Taylor, radio host of a local conservative talk/entertainment program refers to Coos County Health and Wellness Director, Dr Eric Gleason as Dr Death and threaten violence saying he deserves a “kick in the ass” and worse.

Gleason is a member of the North Bend School Board. Taylor claims that “we” have successfully elected three apparently like minded people to the school board including the board chairperson. Nevertheless, Dr Gleason is standing in the way of permanently halting any discussion of critical race theory in the school and so they need to “take on Dr Death”.

Taylor urges the crowd to help gather 200 to 300 like minded individuals to take on Gleason at the October 7 school board meeting in a show of intimidation. Mind you, one of Gleason’s bosses, Bob Main is in the audience the entire time and Taylor even introduces him to the crowd for having the courage to attend.

Referring to the boardwalk protests Taylor indicates that people shouldn’t worry because the “patriots” will be there, “some big guys” and no one should worry about security at the event.

He then goes on to claim that even without security they have nothing to worry about because the Coos Bay Police Chief, Chris Chapenar, “is one of us.” Taylor makes the same

claim about the Bandon chief of police, Bob Webb is also on board with the group but that neither of them can attend a political meeting like Citizens Restoring Liberty.

Dr Gleason may need his own security especially since Bob Main and Sheriff Craig Zanni have chosen not to support the positions of the county health department. Commissioner Melissa Cribbins is Gleason's commission liaison and I hope she can help him.

In a separate story I will describe how Rob Taylor sent his security team after a young trans woman at the 9/11 boardwalk demonstration forcing her to file a complaint with Coos Bay Police against logger/security Tony Holman. Luckily, she livestreamed the entire thing and we will share that soon.
